5<sup>th</sup> September 2018

Dear Parents,

We are excited about raising the profile of Science in our school this year. As Science lead I am keen to establish an after-school Science club, initially for children in Years 5 and 6, aiming to provide exciting opportunities to extend their learning in the classroom with fun, hands-on experiments.

We will be finding out about the world using ice, sand, chemicals, heat (fire!), rockets and everyday objects!

I will be able to take 10 children at a time for a minimum of 6 sessions. If more than 10 children sign up, there will be more than one group, which will change on a half-termly basis and each group will be given notice of when it's their turn.

If your child would like to be a part of the Science club, please fill in the form at the bottom of this letter and return it to school by **Thursday 13<sup>th</sup> September** so that we can get started on Thursday 27<sup>th</sup> September, after school from 3.15pm to 4.15pm.

Regards

Mrs Ross
