17th March 2020

Dear Parents,

The staff and I met last night to ensure that we have a consistent way to provide all children with home learning activities if they are self-isolating at home.

We will be using the school website – there is a new tab on the home page ‘School Closure Information’, ClassDojo and MyMaths.

The class teacher will use ClassDojo in the majority of instances, to send home daily:

- An English activity
- A maths activity
- An activity related to the Learning Quest

These will be sent at the end of the day so you may wish to work on these with your child the next day. There may be pictures sent through the ‘Class Story’ tab to aid you with the learning and how you can support your child.

MyMaths will be used to send home some learning which will support your child in revisiting and applying learning to new contexts. We will not be setting the learning of new concepts and ideas at this time.

Your child can access TT RockStars as many times as they wish to consolidate their knowledge of their times tables.

I have also created a ‘41 activities to do at home’ which you may want to explore as a family. There are activities, such as make an obstacle course, create a video diary, make a sock puppet and put on a show etc.

I have also attached to this email a list of websites which your child can explore if they would like. I will keep adding to this as I find new websites that may be beneficial.

Year 6 children may find <https://www.bbc.co.uk/bitesize> particularly useful in this time. There are also tutorials on the MyMaths website with many of the home learning activities and if you are unsure of any method – especially for maths – please do ask through ClassDojo.

Please take care of yourselves and your families at this difficult time.

With very best wishes,

Mrs Sarah Goldsworthy
